Subject: RE: Roll-out Plan for Subpart W
Attachments: SubpartW_Roll Out and Cal Listjr.docx

Hi Tony,

I made just a few minor changes to the document, well done. In answer to your questions, I was going to send a generic heads-up email to all my regional NESHAP contacts once we had an idea of when the rule would be in the FR. Your second question...your guess is as good as mine. The package is still in OP, and has been since last May. The last I heard from Ray Lee it was scheduled to go to OMB on 3/22. Care to bet? Assuming it does, and they have it for 90 days, and we work all the issues out with them, it would supposedly go to the Administrator on 7/8, and the FR a week or so later. Just sayin...

Reid

Subject: Roll-out Plan for Subpart W

Dear Reid:

Here is a draft roll-out plan for Subpart W. This plan is for the EPA Press Office, and is now a requirement for communications packages for rulemaking. Please take a look at it and make any corrections /changes as you see fit.

A couple of questions for you—

-do you have any specific plans to notify the Regions before the rule comes out?
-and the this question—for the \$64,000 Grand Prize and Oldsmobile-- do you have an idea when the rule might come out?
